Agenda for the 1st international workshop on Dual Studies, online

The 1st international workshop within the project “**Dual** Curricula - Study and Work Practice in **Agriculture** and **Food Safety**” will take place on 16th April 2021 at 13.00 CET. The workshop will take place online in MS Teams.

We suggest the attached draft program to achieve the following tasks:

- **Introduction to the EU system of Dual Studies:** familiarization with existing systems of dual studies in Finland and Germany (Baden Wuerttemberg); main features and principles, differences to regular studies.
- **Examples of practice oriented studies in Kosovo and Albania:** presentation of successful examples of practice oriented studies in agricultural and non-agricultural fields in the partner countries. Both HEI's and students' prospective will be presented, experiences and best practice examples shared.
- **Experience exchange and discussion:** the workshop serves as a platform for exchange of experiences about the process of implementation, best practices for practice oriented (dual) studies in EU and in partner countries.

Target audience of the workshop:

- academic staff from partner universities involved in implementation of new or modernization of existing curricula within the DualAFS project;
- academic staff from partner universities not directly involved into DualAFS project;
- alumni of partner HEIs;
- representatives from practice (non-academic partners of the project).

Please switch off your microphone when entering the room to avoid background noises affecting the quality of sound. For short questions, we recommend you to use chat option. Moderators will mind the chat and make sure that all questions are communicated to the speaker/ audience. For longer statements you are of course invited to use your microphone.

With kind regards

Heinrich Schuele

DualAFS project coordinator

**Programme – 1st international workshop****Dual Curricula - Study and Work Practice in Agriculture and Food Safety****Friday, 16th April 2021**

13:00 CET	Meeting in MS Teams Moderators: <i>Prof. Dr. Heinrich Schuele</i>
