

Ylberinë Baliu
Waste water technologist
Dairy “Bylmeti”

University-Industry
cooperation and labor
market for new graduates

How it all started?

- Dairy “Bylmeti” invested 120 000€ for wastewater treatment, but no success!
- PUM offered a free of charge expert to help with the problem

▀ ECODAIRY - KOSOVO

- He proposed cooperation between private sector, universities and government
- Partners: Bylmeti and YUNIKO. Collaborator: UIBM
- Trainings and seminars
- Student exchange of two fields: Food Technology and Environment

ECODAIRY - KOSOVO

- Seminars and courses concerning industrial wastewater treatment

ECODAIRY - KOSOVO

- Seminars concerning good practices in dairy sector

Student involvement

- UIBM students were involved in all these activities by:
 - Being part of trainings and seminars
 - Internship at dairy Bylmeti, working on two different topics: waste water treatment upgrade and optimization of dairy process line
 - Cooperating together with Dutch students

▸ Benefits

- Full time job at dairy Bylmeti and YES
- Part time jobs in projects
- A boost for ERASMUS exchange studies program at VHL

THANK YOU!
