

## DUAL CURRICULA Study and Work Practice in Agriculture and Food Safety

The EU funded Erasmus+ project 619178-EPP-1-2020-1-DE-EPPKA2-CBHE-JP (15.01.21 - 14.01.24) is dedicated to strengthen practice oriented higher education for the Agribusiness in Albania and Kosovo. It also improves Lifelong Learning capacities and knowledge transfer with and for private and public partners in the agriculture and food sector.

### Dual Bachelor Studies in “LIVESTOCK & ANIMAL PRODUCTS SAFETY” at the Agricultural University of Tirana

- ✓ Implementation year 2022/2023
- ✓ 180 ECTS (140 theory & 40 ECTS practical training)
- ✓ 1/3 of the training taking place on a farm or company environment (project modules & practical placement)

### Dual Bachelor Studies in “AGRIBUSINESS MANAGEMENT” at “Fan S. Noli” University of Korça

- ✓ Implementation year 2021/2022
- ✓ 180 ECTS (63 weeks theory & 39 weeks practical training)
- ✓ Practical training distributed between project work & work-based placement (company/public institution)

### Competencies

- ✓ Basic competencies in biological natural sciences and interdisciplinary training;
- ✓ Professional competencies in animal welfare & health protection, environmental assessment and communication;
- ✓ Practical competencies in zootechnical & economic management of livestock farms;

### Competencies

- ✓ Identify individual skills & paths to follow a career in the agribusiness sector;
- ✓ Increase self-confidence in concrete situations that require problem solving for effective work operations;
- ✓ Acquire professional knowledge & create a future vision for managing enterprises with an agricultural profile;

### Practical orientation

- ✓ Familiarization of students with farm and company operations since the study period;
- ✓ Improved practical and professional skills through project modules & work-based placement;
- ✓ Implementation of new ideas and projects in farms/businesses, as a “new generation” product, educated in a “new age” of technology & digitalization;
- ✓ Facilitating the transition from the “world of education” to the labor market, through early employment of graduates;
- ✓ Establishing a better cooperation between HEI-s and stakeholders for knowledge -transfer, development of research and innovative projects;
