How much time do you spend
checking and evaluating exams?

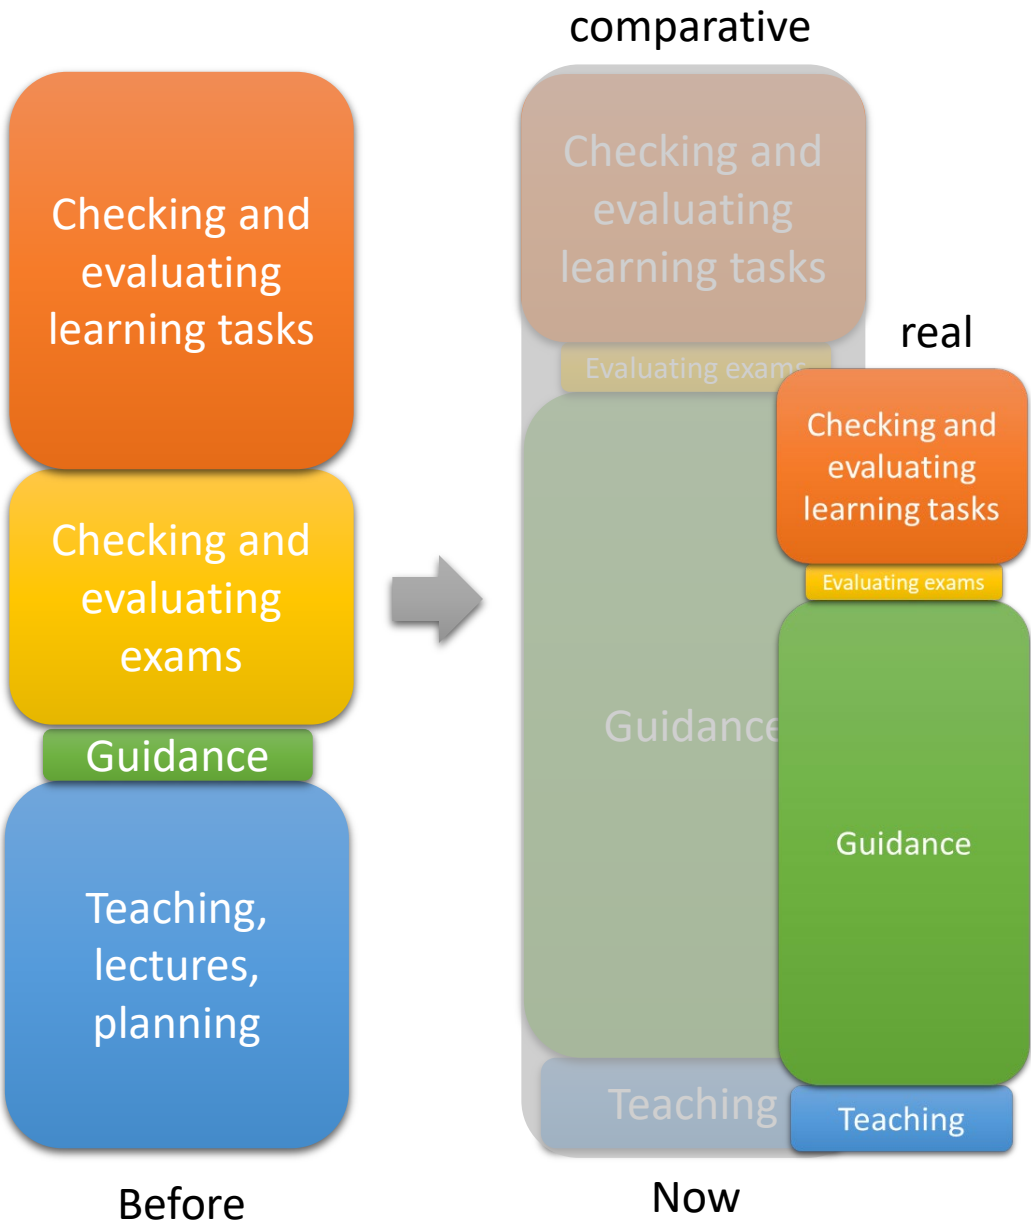

Implementation of the course

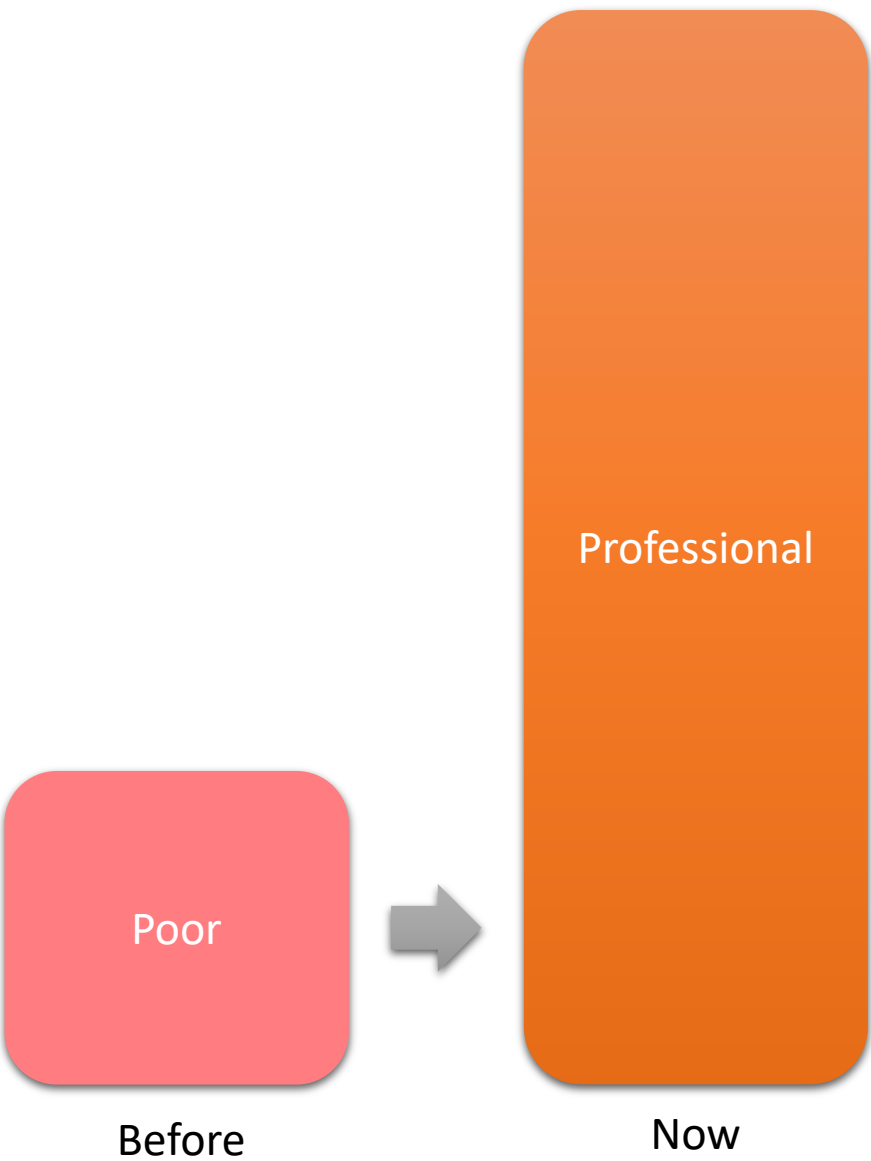

Evaluation of the course

Division of the teacher's work

Student competence

How was it done?

we created a vision

we saw the possibilities

even though the majority thought otherwise, a small group pushed the development forward

done together
and helped others

Questions along the way

Why use email when you can call?

Why don't we wait until it's ready?

I don't have time to learn anything new, so I'm doing the same as before!

This course cannot be implemented in any other way!

The student learns better when she/he comes to listen to the lecture on the spot!

This subject cannot be studied online!

Why Moodle?

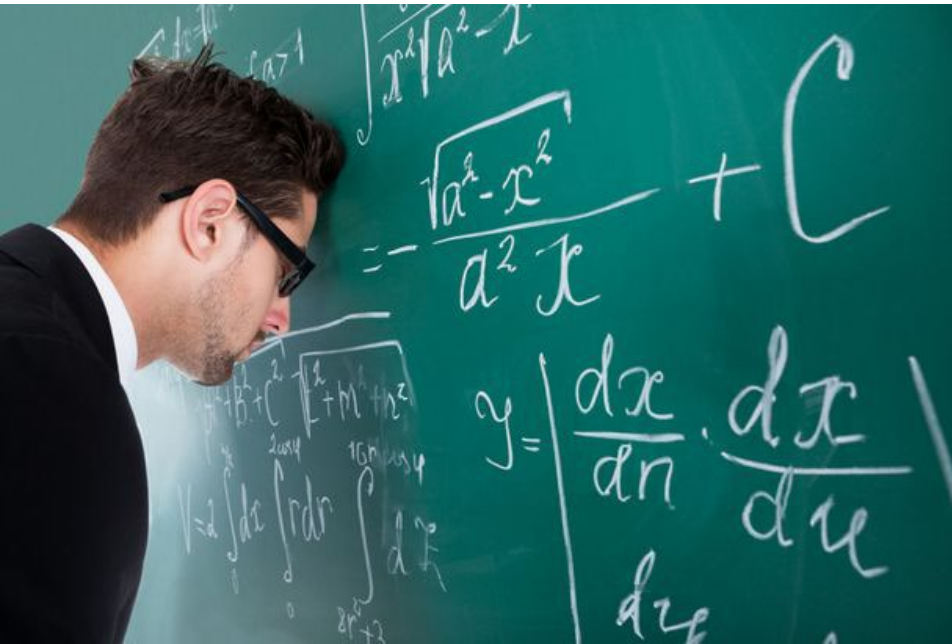

Why Hybrid classroom?

Why eLearning?

reasonable, motivational, practical for student

tools for working life

make it easier for teacher

improve quality of teaching

working life needs employees who are willing and able to learn new things
